Many people experience joint and connective tissue discomfort in various areas of the body, such as the back, the knees, elbows and shoulders, and the hand and foot extremities. The causes of cartilage, bone and connective tissue discomfort can range from arthritis, sports injuries, accidental injuries and the everyday wear and tear caused by normal physical activity. Joint discomfort is unpleasant and can interfere in our daily lives. Fortunately, several different natural substances and botanicals have been found to be very effective in helping to ease joint discomfort. These ingredients have been formulated in Cajun Sports Cream to aid in healing these discomforts.

ENDORSEMENTS

These individuals have not been compensated in any manner for their recommendations.

"We have been very pleased with Cajun Sports Cream for the past two years. We have found that some of our athletes will not go out to practice without applying Cajun Sports Cream. We feel that it is the most popular sports cream in our Athletic Training Room because it starts to work immediately and lasts through the entire workout."

Michael O'Shea, Head Trainer
– University of Houston Cougars

"Wow! What a great product! Our players can't believe how well it works and how long they feel the heat. Cajun Sports Cream is very effective for soreness and pain."

Shone Gipson, Trainer—Buffalo Bills

"I highly recommend Cajun Sports Cream. In my 20 years as a Chiropractor this is the best muscle rub with great botanicals."

Dr. Steven Tutt, Cedar Springs Chiropractic

"Cajun Sports Cream's ingredients list is uniquely different than any other product on the market. With Capsaicin, emu oil, willowbark, aloe vera, plus four other skin softeners, six additional anti-inflammatories and 4 delivery agents, it gives a deep long-lasting effect that takes the soreness away."

Dr. Shaun Scoggin, Coppell Wellness Center

"Without doubt, Cajun Sports Cream provides the fastest acting, longest lasting, and most effective relief for muscle and tendon soreness I've ever experienced. This is without question the best topical on the market, and I've tried them all."

Steve Hoffner, Global Transactional Strategist

"I will replace my Biofreeze with Cajun. I liked it so much better, it feels like it gets to the source of the pain faster, and relieves for longer. Bye, bye Biofreeze!!!!"

Terri Jezek

"I've used Cajun Sports Cream on sore muscles and joints and had excellent results. I highly recommend it."

Sam Spence, Chaplin at Lone Star Park

"I tried Cajun Sports Cream and now I use it exclusively."

Darvin Ham Former NBA Champion-Detroit Pistons
